

AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions, and listing of claims in the application:

Claim 1 (currently amended): A holder for ~~[[a]]~~ an electronic module for connection to a ~~circuit in printed circuit board in an~~ electronic equipment, the holder being arranged to receive the electronic module and having a portion provided with at least one hole therethrough,

wherein ~~[[the]]~~ at least one hole is arranged to provide access through the holder to the ~~circuit~~ printed circuit board for testing~~[[.]]~~; and

the holder is further provided with a conductive layer on a surface for positioning adjacent the printed circuitry board.

Claim 2 (original): The holder of claim 1 wherein the at least one hole is arranged to be covered by the electronic module when positioned in the holder.

Claim 3 (currently amended): The holder of claim 1 ~~[[or 2]]~~ wherein the holder is provided with a plurality of holes therethrough.

Claim 4 (currently amended): The holder of claim 1, ~~2 or 3~~ wherein the holder is arranged to be mounted on the printed circuitry board ~~circuit~~ by one of A or B, wherein: [[A-B:]]

A comprises surface mount technology, and

B comprises plated through hole technology.

Claim 5 (canceled)

Claim 6 (currently amended): The holder of ~~any preceding~~ claim 1 wherein the electronic module comprises a subscriber identification module.

Claim 7 (currently amended): The holder of ~~any preceding~~ claim 1 wherein the electronic equipment comprises wireless communication equipment.

Claim 8 (currently amended): The holder of ~~any preceding~~ claim 7 wherein the wireless communication equipment comprises a portable modem.

Claim 9 (canceled)

Claim 10 (currently amended): The holder of ~~any preceding~~ claim 1 wherein the holder is of moulded plastics material.

Claim 11 (currently amended): A method of assembling a holder for ~~[[a]]~~ an electronic module on a ~~circuit for~~ printed circuit board in an electronic equipment, the method comprising:

providing a ~~circuit~~ the printed circuit board;

providing a holder for ~~[[a]]~~ the electronic module for ~~connection~~ mounting to the ~~circuit~~ printed circuit board, the holder being arranged to receive the electronic module and having a portion provided with at least one hole to provide access through the holder of the printed circuit board for testing purposes;

providing the holder with a conductive layer on a surface for positioning adjacent the printed circuit board therethrough; and

mounting the holder on the ~~circuit~~ printed circuit board.

Claim 12 (currently amended): The method of claim 11 further comprising inserting the electronic module in the holder such that the at least one hole is covered by the electronic module.

Claim 13 (currently amended): The method of claim 11 ~~[[or 12]]~~ wherein the holder is provided with a plurality of holes therethrough.

Claim 14 (currently amended): The method of claim ~~11 11, 12 or 13~~ wherein the step of mounting comprises mounting the electronic module on the ~~circuit~~ printed circuit board by one of A or B, wherein: ~~[[A-B:]]~~

A comprises surface mount technology, and

B comprises plated through hole technology.

Claim 15 (canceled)

Claim 16 (currently amended): The method of ~~any one of claims 11-15~~ claim 11 wherein the electronic module comprises a subscriber ~~identification~~ identification module.

Claim 17 (currently amended): The method of ~~any one of claims 11-16~~ claim 11 wherein the electronic equipment comprises wireless communication equipment.

Claim 18 (currently amended): The method of ~~any one of claims 11-17~~ claim 17 wherein the wireless communication equipment comprises a portable modem.

Claim 19 (cancelled)

Claim 20 (currently amended): The method of ~~any preceding~~ claim 11 wherein the holder is moulded of plastics material.

Claim 21 (cancelled)

Claim 22 (currently amended): An electronic circuit having mounted thereon the holder of ~~any~~
~~one of claims 1-10~~ claim 1.

Claim 23 (cancelled)

Claim 24 (cancelled)
